New Vintage Wine & Gallery Trail April 14th

For 14 years, Grapevine residents and visitors alike have been enchanted by the pomp and circumstance that comes with the age-old ceremonial blessing of the vines and wines as part of the annual celebration that most locals refer to as "New Vintage." This year the 15th Annual Blessing of the Vines and New Vintage Wine & Gallery Trail will have more to offer participants in the way of additional pageantry, more wineries and a special salute to art.

On Saturday, April 14th, hundreds of wine enthusiasts will gather at Delaney Vineyards at 11 a.m. to take part in the Blessing of the Vines, a centuries-old European ceremony to ensure robust vines and savory grapes. Rich in mythology and tradition, the ritual features Bacchus, the Greek god of wine and fertility, and Ariadne, his mortal lover and wife. They bless the new vines with their presence, ensuring a fruitful harvest and a flourishing vineyard. St. Urbanas is brought into the fields

to signify luck in planting.

The Wine & Gallery Trail begins at noon and runs until 6 p.m., with each of Grapevine's winery tasting rooms opening their doors in celebration of this year's new vintage release wines. In addition to tasting the new wines, each winery will feature live entertainment and food offerings.

Joining the wineries on the trail this year will be Grapevine's ever-growing community of art galleries and artists. Historic Downtown Grapevine art galleries will keep their doors open and offer special exhibits during this year's New Vintage Wine & Gallery Trail.

For the safety of residents and guests, complimentary shuttle buses are provided throughout the Wine & Gallery Trail. Participants who sign up as designated drivers for their group will receive complimentary food and non-alcoholic beverages at each winery visited on April 14th, and they will be entered into a drawing for a gift basket.

To purchase tickets for the 15th Annual Blessing of the Vines and New Vintage Wine & Gallery Trail, or for more information, please visit GrapevineTexasUSA.com or call 817-410-3185. 🍇

Project Cell Phone/911 and Electronic Recycling

The City of Grapevine Senior Activities Center and Grapevine Housing Authority accept used cell phones, with battery charger, for emergency use. For more information, contact the Senior Activities Center at 817-410-8130 or the Housing Authority at 817-488-1048.

For information on recycling your PCs, monitors, etc., please refer to the City's website, www.grapevinetexas.gov and enter "electronic waste" in the search engine, or call 817-410-3330. 🍇

Passports and Birth Certificates Available at City Secretary's Office

The City Secretary's Office at City Hall can help you obtain a U.S. Passport or Certified Birth Certificate without waiting in long lines.

All air travelers, including U.S. citizens, are required to have a passport to travel to and from the U.S. to Mexico, Canada, the Caribbean and Bermuda. U.S. Passport applications are accepted *by appointment only* Monday through Friday from 9 a.m. to 2 p.m. Processing of passport applications by the State Department is taking approximately ten weeks, so please plan ahead! To schedule an appointment, call 817-410-3181.

Certified Birth Certificates are available for anyone born in Texas from 1926 to present (children must be six months old). Certificates are \$22 each, and adults must show a valid drivers license. The City Secretary's Office is open from 9 a.m. to 4:30 p.m. Monday through Friday. Applications may be downloaded at www.grapevinetexas.gov/depts/secretary. For more information, call 817-410-3181. 🍇

Peggy Hudson, Vital Records Specialist, and Jodi Brown, Assistant City Secretary, can help you with your passport and birth certificate needs in the City Secretary's Office.

Water Conservation and Mandatory Watering Restrictions

The lack of rainfall continues to be a growing concern for water producers in the North Texas area.

Grapevine residents receive approximately 70 percent of their drinking water from the Trinity River Authority, which is supplied by the Cedar Creek Reservoir and the Richland Chambers Reservoir. Approximately 30 percent of our drinking water comes from Lake Grapevine.

Due to extreme drought conditions in the North Texas region, the Tarrant Regional Water District has advised that all member

cities (Grapevine, Euless, Bedford, Colleyville, North Richland Hills) continue to encourage water conservation.

The City of Grapevine always encourages the conservation and efficient use of one of our most valuable natural resources: water. City water restrictions prohibit irrigation or watering of any lawn or landscape between the hours of 10 a.m. and 6 p.m., with the exception of hand watering and the use of soaker hoses.

Please direct all water restriction inquiries to 817-410-3330. 🍇

Mandatory Water Restriction:
Irrigation or watering of any lawn or landscape is prohibited between the hours of 10 a.m. and 6 p.m. with the exception of hand watering and the use of soaker hoses.

On March 9th, Deputy Secretary of the United States Department of Commerce David A. Sampson presented a Preserve America Presidential Certificate to the City of Grapevine.

Preserve America is a White House initiative chaired by First Lady Laura Bush. Preserve America Community status recognizes communities that protect and celebrate their heritage; use their historic assets for economic development and community revitalization; and encourage people to experience and appreciate local historic resources through education and heritage tourism programs.

Grapevine is one of only three communities in Texas to be recognized this year for this prestigious award.

Accepting the award, from left to right, is Council Member Shane Wilbanks, Council Member Darlene Freed, Heritage Foundation Board Chair Melva Stanfield, Mayor William D. Tate, Deputy Secretary David Sampson, Council Member Sharron Spencer, Mayor Pro Tem Ted Ware and Council Member Roy Stewart.

Visit The Vineyards Campground

The Vineyards Campground on Lake Grapevine at 1501 N. Dooley Street has made renovations and additions that include 10 courtesy docks, 13 RV sites (for a total of 71), sewer to 26 sites, new water and electrical services to all sites, new and renovated restrooms/laundry room, enhanced landscaping and campground signage, five fully furnished cabins and free WiFi. Other amenities at the campground include a 60-person capacity pavilion, 20/30/50 amp hookups, pull-thru spaces, a boat ramp, fishing pier, playground, nature trail, golf cart rental for use on the grounds and much more. For additional information or to make reservations, please visit www.vineyardscampground.com or call 817-329-8993. 🍇

The Nightwatchman Takes Well-Deserved Break

After standing watch (literally) over City Hall for the last ten years, Nightwatchman will soon be taking a hiatus. Grapevine Artist-in-Residence Archie St. Clair will return the iconic statue to its original brilliance in time for him to be back on duty by the 23rd Annual Main Street Days, May 18th – 20th.

Fun facts about Grapevine's famous nightwatchman: The nightwatchman served as Grapevine's law enforcement from the early 1900s to the 1950s. Besides checking doors of all the build-

ings on Main Street each night, he was also the dog catcher and checked water wells. He was paid a \$10 base monthly salary from the City, but also collected from businesses he patrolled. He was a faithful, trustworthy friend—which makes him the perfect emblem to go atop our City Hall.

The statue is eight-feet tall and weighs 640 pounds. A limited number of tabletop replicas of this statue are available for purchase from the City Manager's Office. Please call 817-410-3105 for more information. 🍇

Retirees Find Grapevine a Top 100 Place to Retire

In the January/February 2007 issue of *Where To Retire* magazine, Grapevine came in 77th in the nationwide list of top 100 places retirees are moving.

Noted demographer and gerontologist, Charles Longino, Jr. tracks where people ages 60+ move by studying U.S. Census Bureau data. Using that data, he estimates the numbers migrating from one area to another.

Seven other Texas cities, including McAllen, Harlingen, San Antonio, Georgetown, Frisco, Kerrville and The Woodlands, made the list.

Grapevine Named Tree City USA

Grapevine has been once again named a Tree City USA community by The National Arbor Day Foundation to honor its commitment to community forestry.

Grapevine met the four standards required to become a Tree City USA community: A tree board or department, a tree care ordinance, a comprehensive community forestry program, and an Arbor Day observance. It is the 21st year Grapevine has received this national recognition.

New Ozone System to Provide Superior Disinfection and Improved Water Quality

A new ozone system process for advanced potable water treatment will improve the quality and taste of water delivered to homes and businesses in Grapevine, Bedford, Colleyville, Euless, and North Richland Hills.

The Trinity River Authority of Texas (TRA), which operates and maintains its Tarrant County Water Supply Project (TCWSP) for the benefit of their wholesale customers, has been working on the transition to ozone disinfection for the past several years. One of the many positive results of the new ozone system will be to minimize the occurrence of the

earthy/musty flavor and odor experienced in the past. TRA anticipates that the new ozone equipment will be up and running by late March or early April 2007.

For a period of time after the start-up of the ozone system, a difference in the aesthetic quality of the water may be noticeable. It will take some time for the system to acclimate to changes produced by ozone disinfection. Once the acclimation occurs, an improved taste to the water is anticipated.
